

THE UNIVERSITY OF THE SOUTH PACIFIC SCHOOL OF DISTANCE EDUCATION BACHELOR OF BUSINESS ADMINISTRATION DEGREE PROGRAM FINANCIAL ACCOUNTING SEMESTER 1 2023

'Accounting is the language of business', and as such, it is essential for all business organizations to understand and use it effectively. This course provides a comprehensive overview of the principles and practices of financial accounting, covering the recording, summarizing, and reporting of financial transactions. The course is designed to equip students with the knowledge and skills necessary to analyze and interpret financial statements, and to understand the role of accounting in the business environment.

The course is divided into several modules, each focusing on a specific aspect of financial accounting. The first module covers the fundamentals of accounting, including the accounting cycle, the double-entry system, and the preparation of financial statements. The second module focuses on the recording and summarizing of transactions, and the third module covers the preparation and analysis of financial statements. The fourth module discusses the role of accounting in the business environment, and the fifth module covers the preparation and analysis of financial statements. The course is designed to be self-paced, allowing students to complete the program at their own convenience. The course is also available in a blended format, combining online learning with face-to-face instruction.
