

# INTERNATIONAL ORGANIZATION OF LABOR

The International Organization of Labor is a unique and essential institution for the advancement of the interests of the working people of all nations. It is the only organization that represents the workers of every country, and it is the only organization that is dedicated to the promotion of the economic and social well-being of the world's laboring classes. The Organization's primary concern is the improvement of the conditions of work, the raising of the standard of living, and the securing of the rights of workers in every part of the world.

The Organization is a truly international body, with members from every continent and every race. It is a body that is democratic in its structure and its methods of operation. It is a body that is based on the principle of the equality of all workers, and it is a body that is dedicated to the promotion of the interests of the workers of every country. The Organization's work is carried out through a system of conferences, commissions, and other organs, and it is a work that is carried out in a spirit of cooperation and good will. The Organization's work is a work that is essential to the well-being of the world's laboring classes, and it is a work that is carried out in a spirit of dedication and sacrifice.

The Organization is a body that is truly international, and it is a body that is truly democratic. It is a body that is based on the principle of the equality of all workers, and it is a body that is dedicated to the promotion of the interests of the workers of every country. The Organization's work is carried out through a system of conferences, commissions, and other organs, and it is a work that is carried out in a spirit of cooperation and good will. The Organization's work is a work that is essential to the well-being of the world's laboring classes, and it is a work that is carried out in a spirit of dedication and sacrifice.
