Aggravated assault is a criminal offense that involves the use of force or the threat of force against another person. It is considered a more serious form of assault because it causes actual harm or the risk of significant injury. The elements of aggravated assault typically include the intent to cause serious physical injury, the use of a weapon, or the infliction of actual bodily harm. The severity of the crime is often determined by the nature of the injuries sustained or the use of a deadly weapon. Penalties for aggravated assault can range from imprisonment to life in prison, depending on the circumstances and the jurisdiction.
